

Caregiver Project Post-Program Survey

To what extent do you agree or disagree with the following statements?

	Strongly Agree	Agree	Disagree	Strongly Disagree
The program increased my awareness of issues commonly faced by caregivers				
The program caused me to reflect upon cases I have encountered in the past				
The program increased my awareness of how vital communication is among providers and team members involved with caregivers				
The program increased my comfort level/ confidence in communicating with caregivers				
The program increased my knowledge of caregiver needs				
The program helped clarify my role with caregivers				
The discussion was relevant to my practice				
The program increased my knowledge of the resources that the interdisciplinary team members can provide to caregivers				
Overall, this was a valuable educational program				
It would be beneficial for our program to incorporate more training on caregiving-related issues
