PRIMARY CARE ADMINISTRATION OF MAT:
Assessment, Management, and Referral to Address Substance Use Disorders

May 30, 2024   NORTHEAST OHIO MEDICAL UNIVERSITY

▶ *SEATS ARE LIMITED*

- **MAT Training** – up to 12 hours (*8 hours on-site training, 4 hours follow-up training*).

- A **$50 fee** for conference fee will be charged at the time of registration and includes lunch.

- 12 hours of **Continuing Medical Education (CME)** is awarded upon completion

- Open to **primary care** medical educators, and practicing primary care physicians, physician assistants, nurse practitioners and resident physicians. Primary care providers are frequently the first line care for many patients with opioid use disorders.

The Institute of Medicine has recommended health professions education and training programs should provide educational opportunities in pain assessment in primary care.

To address this critical training need, NEOMED is offering Medication Assisted Treatment (MAT) training designed specifically for primary care providers.

The MAT training is no longer required to prescribe buprenorphine but the training WILL FULFILL THE DEA REQUIREMENT FOR YOUR LICENSURE.

PCSS — Providers Clinical Support System

For questions about the training, contact at **SUDeducation@neomed.edu** or **330.325.6681**.
