## OPCSMH 2025-2026 Webinar Series

# CAMPUS-COMMUNITY PARTNERSHIPS FOR SUPPORTING STUDENTS WITH DISABILITIES: OHIO COLLEGE2CAREERS

This interactive webinar, facilitated in a roundtable format, will explore how Opportunities for Ohioans with Disabilities (OOD) and the Ohio College2Careers program can support transitional age college students and emerging adults whose mental health conditions impact their education and employment pathways. Participants will gain a practical understanding of OOD eligibility and vocational rehabilitation services, with emphasis on how mental health conditions may function as disabilities within academic and workplace settings. The session will examine how mental health symptoms translate into learning and employment barriers, and how higher education and community partners can align supports across systems to promote persistence, credential completion, and meaningful employment. This session is particularly relevant for professionals in accessibility and accommodation services, student affairs, counseling and psychological services, case management, academic advising, career services, and campus-community partnership roles.

## SPEAKERS

Kari Grafton, LPCC, Rehabilitation Program Specialist,  
Supported Employment and Transition, Opportunities for  
Ohioans with Disabilities

Janice Mader, M.Ed, CRC, Program Administrator for Supported  
Employment and Transition Unit, Opportunities for Ohioans
