Progress in communities is illustrated with a **green** border, indicating an increase in law enforcement agency participation within the last two reporting periods.

## Preface

This report is an historic record of all professionals trained in the Crisis Intervention Team (CIT) Patrol Officer Training Course, from 2000-2023 and demonstrates the strength of the core elements and the CIT Model.

This section explains the various illustrations, icons, and abbreviations used in this document. The executive summary illustrates aggregate statewide training progress. Following this, the content of this report is then organized alphabetically by Ohio's fifty Alcohol Drug Addiction and Mental Health Service Board areas with primary CIT Program Coordinator(s) listed on their respective program page. CIT training records for communities without an active program, as well as the Ohio Department of Rehabilitation and Correction, are located on the final pages. A CIT program coordinator directory is located at the very end of this report.

At the top of each program page, for applicable counties, CIT peer reviews and Sequential Intercept Model (SIM) mapping exercises are marked by gold and silver stars. For stars representing SIM, the year of their occurrence corresponds to a color based on the type of mapping (mental health, opiate, or juvenile). See above. Each program page contains law enforcement agencies' training counts, by county, in table format, with corresponding county details in blue boxes. At the bottom, a pie graph shows the proportion of participation by all professions who have taken a CIT Patrol Officer Training Course.

This report uses law enforcement agencies listed in the 2021 County Agency Report developed by the Ohio Peace Officer Training Commission (OPOTC) to firmly place agencies in one county even if jurisdiction crosses county lines. Sworn officers' training data are counted in the agency they were present at the time of their training, not accounting for agency transfers or training outside of their county of employment. Earlier editions of this report showed progress for CIT programs using a running count. In the migration to a comprehensive trainee database, we used original rosters to prove attendance. Subsequently, in some areas, we found we had higher counts of trained officers left unmatched to rosters in our archives. Those differences are preserved in any applicable law enforcement agency. Other key items:

- Agency totals in **red** are those with higher counts of officers left unmatched to rosters in our archives.
- New or newly participating law enforcement agencies are in **blue**.
- Counties with Stepping Up Initiative commitments have their table in **green**.

## A Note from the Executive Director

The Crisis Intervention Team (CIT) is a community partnership program with law enforcement, mental health, community, and advocacy partnerships. The CIT model was first developed in Memphis, TN in 1988 and was implemented in two Ohio counties in 2000.

The CIT Core Elements exist to support and guide CIT Programs toward success. The basic goals of a Crisis Intervention Team are to improve officer and consumer safety and redirect individuals with mental illness from the criminal justice system to the health care system.

One core element of CIT is training. The training element of the CIT program is based on the Crisis Intervention Team Patrol Officer Training Course, which educates law enforcement and first responders on how to assist individuals living with mental illness who are experiencing a crisis in the community. This is typically a 40-hour, community-based course designed to increase knowledge and understanding of mental illness, decrease stigma and increase empathy for those with an illness, introduce community resources and partners that can assist in effective responses to community members, and build listening, communication, and de-escalation skills that are effective in encounters with individuals in mental health crises.

Today, all 88 Ohio counties have participated in CIT training, although a handful of counties have not implemented fully operational programs which incorporate additional core elements. Ohio is striving for all communities to have access to effective and specialized law enforcement responses for individuals and families experiencing mental health crises, when such a response is necessary, and for all law enforcement officers to have adequate training and support to best serve community members with mental illness and their families. This report is limited to the training element of our Ohio programs. If you are interested in learning more about CIT, enhancing an existing CIT, or developing a CIT, please contact the Criminal Justice Coordinating Center of Excellence at [cjccoe@neomed.edu](mailto:cjccoe@neomed.edu).

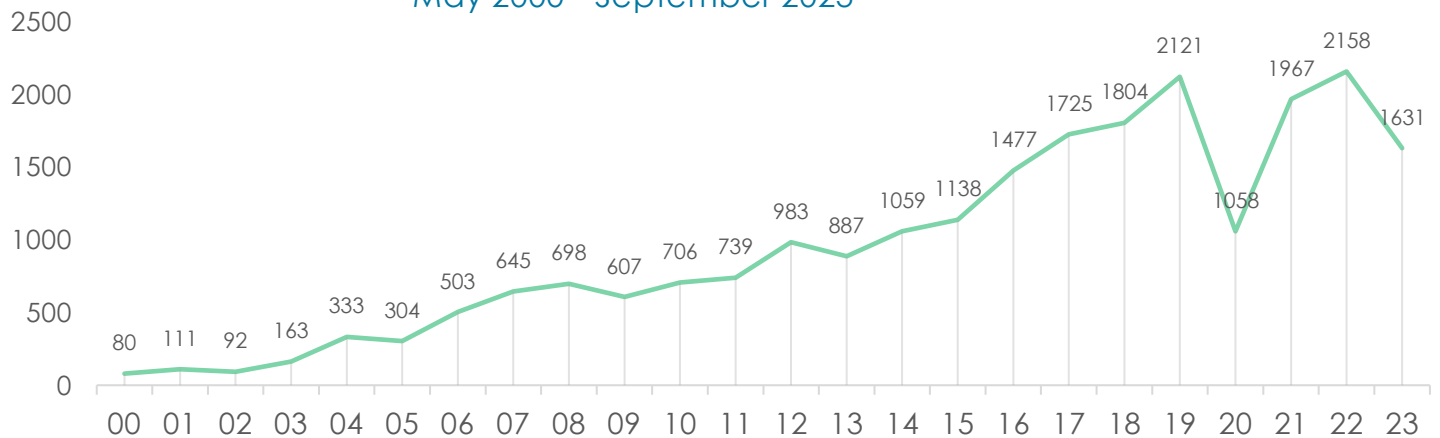

*"IF YOU WANT CIT TO LAST IN YOUR COMMUNITY YOU ABSOLUTELY, POSITIVELY NEED A LONG-LASTING PARTNERSHIP BETWEEN LAW ENFORCEMENT, MENTAL HEALTH SERVICES, AND ADVOCACY/CONSUMER GROUPS."*

**-MICHAEL S. WOODY, RETIRED LIEUTENANT, FORMER CJ CCOE  
LAW ENFORCEMENT LIAISON, AND CIT CHAMPION**

## Executive Summary

In Ohio, CIT training has equipped thousands of individuals with skills to assist those experiencing mental health crises. Based on training rosters submitted to the CJ CCoE, we can confirm **16,239 sworn personnel** trained in CIT and an additional **7,632 professionals** trained across Ohio's 88 counties and beyond. Ohio's CIT programs have trained a total of **23,871 people**, 49 of whom traveled across the globe to attend one of our training courses. According to the 2021 Ohio Peace Officer Training Commission report, there are 945 law enforcement agencies; of those **80% (756) participate in CIT** training, leaving 189 agencies or 20% that have not yet participated in CIT.

CIT Patrol Officer Training Course - Individuals Trained Annually\*  
May 2000 - September 2023

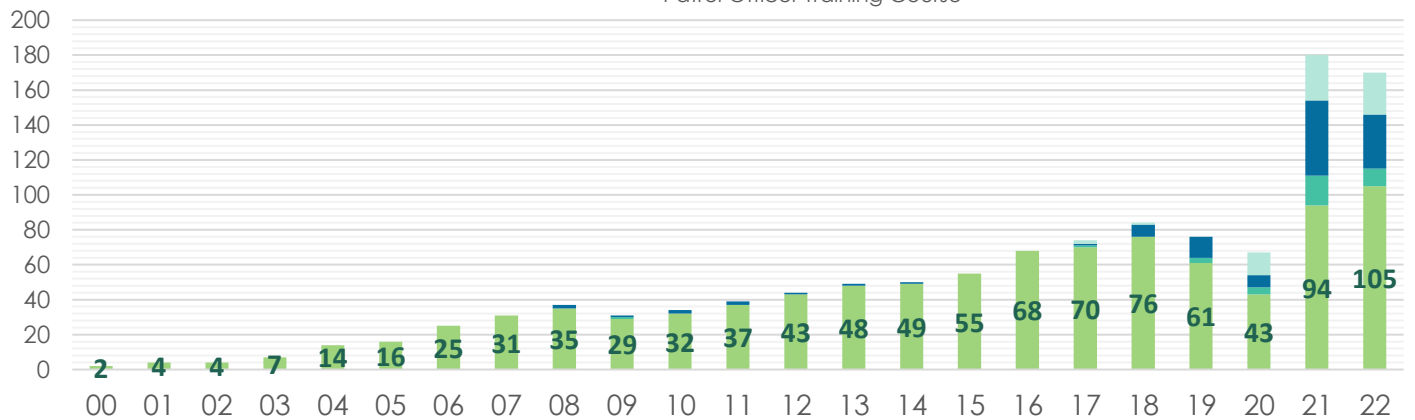

\*882 individuals trained in CIT are not shown above. Their training dates are unknown and are not reflected here.

Since May of 2000 through the end of 2022, CIT programs and community partners have held approximately 1,161 CIT trainings. Patrol Officer Training Course numbers are indicated on this graph, all others are shown proportionately, and not specified.

Originally and for a number of years, the primary audience of the CIT Patrol Officer Training Course was law enforcement. As CIT programs have grown and evolved in Ohio, we have seen an increase in a variety of professions who value the experience of this training: public safety telecommunicators, emergency medical technicians, and corrections personnel, to name a few. Of all CIT training courses, this is the course most frequently attended, adding to the character and depth of CIT programs by equipping law enforcement with support personnel throughout the community and their local crisis response system. In this growth, we can also see a variety of agency types that participate in training. See charts below.

Participation by Profession May 2000-September 2023

Participation by Agency Type May 2000- September 2023

## Active Sworn Officer Count April 2022

In December of 2021, the CJ CCoE set out to answer questions about CIT training and retention of officers across Ohio's CIT programs, similar to the CJ CCoE 2016 Point-in-Time Count. Without synchronized systems to unify hiring, training, transfer, and separation records, it is challenging to uncover these answers. Given the constraints and like any point-in-time count, this is only a snapshot of active CIT trained officers as of April 2022.

Through a public records request (PRR) fulfilled by the Ohio Attorney General's Office in April 2022 and the CJ CCoE Ohio CIT Training database (OCIT DB), a formula was used to automatically match officers between data sets. The OCIT DB includes all professions trained, so all names were reviewed (N = 22,651). Matching took place based on multiple variables: full name, suffixes, place of employment, profession, training course(s) completed, and hire date. Verification was necessary to ensure that matches were not false negatives or false positives, and close attention was paid to match common or duplicate names.

Of those sworn officers who took the CIT Patrol Officer Training Course and were found to be active on the Attorney General's Office payroll report for April 2022, the following questions were answered:

***How many sworn officers, trained in the CIT Patrol Officer Training Course, were active as of April 2022? 10,690***

***What is the likeliest retention rate for all officers trained and still active (1/1/2000-4/21/2022)? 10,690 / 14,818 (all trained sworn officers) = 72%***

The 2016 Point-in-Time Count, also conducted by CJ CCoE staff, found the same retention rate of 72% using different methods. For more information on this most recent study or the 2016 Point-in-Time Count, please email us: [cjccoe@neomed.edu](mailto:cjccoe@neomed.edu).
