DEPARTMENT OF PUBLIC SAFETY

Who We Are and What We Do

The NEOMED Police Department (NPD) is part of the Department of Public Safety (DPS). DPS is responsible for law enforcement/security, parking, access control, video surveillance, fire prevention and emergency management planning. NPD consists of full-time and part-time patrol officers, contracted security officers, a lieutenant and a chief. Police department offices are located in M-112. The security office is located in room A-90. NPD operates 24 hours a day, seven days a week.

NPD became a recognized police department on July 1, 2015, through Section 3345.04 of the Ohio Revised Code. Officers of the NPD are commissioned by the state of Ohio with full law enforcement authority identical to that of a municipal police officer or sheriff's deputy. NPD officers meet or exceed training standards of the Ohio Peace Officers Training Council and receive ongoing training.

NPD officers enforce the laws of the state of Ohio and are responsible for public safety services such as crime prevention, responding to fire and medical emergencies, traffic accidents and investigating reports of crimes.

Additional duties of DPS are creating and maintaining University identification badges, distributing parking permits and enforcing University parking regulations, room and vehicle lockouts, and battery boosts.

NPD officers are dedicated to serving the students, faculty, staff and visitors of the University.

NPD Mission Statement

The Northeast Ohio Medical University Police Department is committed to developing and maintaining a safe and peaceful campus environment. Our officers are sworn to protect constitutional rights, enforce state laws and provide ethical and equitable police services in support of the University's mission.

The Clery Act: An Explanation

In 1990, Congress enacted the Crime Awareness and Campus Security Act, which amended the Higher Education Act of 1965 (HEA). This act requires all postsecondary institutions participating in Title IV student financial aid programs to disclose campus crime statistics and security information. The 1998 amendments renamed the law the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, or the Clery Act. The law was named in memory of a student who was slain in her dorm room in 1986. In March 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA), which amended the Clery Act.

The Clery Act: Legal Requirements

The Clery Act requires colleges and universities to:

- Publish an annual security report every year by Oct. 1 that contains three years of campus crime statistics and certain campus security policies;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement and other University officials who have “significant responsibility for student and campus activities”;
- Provide “timely warning” notices of those crimes that have occurred and pose an ongoing “threat to students and employees”;
- Disclose in a public crime log “any crime that occurred on campus ... or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department;”
- Maintain a log of all reported fires that occur in on-campus housing facilities;
- Publish an annual fire safety report that contains fire safety policies and fire statistics for each on-campus housing facility; and
- Submit the fire statistics from the fire safety report annually to the Department of Education.

The NEOMED Department of Public Safety is responsible for preparing and distributing this report. We work with other University departments and law enforcement agencies, including the Portage County Sheriff’s Office and the Ohio State Highway Patrol to compile the information.

Members of the NEOMED community are strongly encouraged to use this report as a guide for safe practices on and off campus. The report can be viewed online at [NEOMED.edu/police/clery-act/annual-report](https://neomed.edu/police/clery-act/annual-report). NEOMED community members receive a notification that describes the report and provides its web address. To request a paper copy, contact the Department of Public Safety at **330.325.5911** or email police@neomed.edu.

CAMPUS POLICING AND SECURITY POLICIES

Campus Law Enforcement

The Northeast Ohio Medical University Police Department (NPD) is recognized as a police department through section 3345.04 of the Ohio Revised Code. All commissioned officers of the department have successfully graduated from a state-approved peace officer training academy, and hold the same authority and powers of arrest as any certified police officer in the state of Ohio. NPD is the primary investigating agency of all criminal acts and incidents that occur on campus.

Interagency Cooperation

NPD coordinates regularly with local law enforcement as needed to provide extra security for events, conduct investigations and exchange information. The Portage County Sheriff's Office (PCSO) and the Ohio State Highway Patrol have jurisdiction on the NEOMED campus. NEOMED has a memorandum of understanding (MOU) with PCSO for dispatching services. PCSO provides all dispatching for NPD officers. NPD and PCSO both utilize MARCS radios. On NPD radios, both the NPD channel and the PCSO channel are programmed, allowing NPD officers to communicate directly with a Deputy from PCSO if necessary. Most law enforcement agencies in Portage County have moved to MARCS radios, allowing interoperability throughout most of the county.

NPD and PCSO also have a mutual aid agreement. This agreement allows PCSO to dispatch an NPD officer off campus, if necessary, to provide assistance to a PCSO Deputy off campus.

Reporting Criminal Incidents and Other Emergencies

All students, employees and visitors should promptly call 911 to report criminal incidents, accidents and other emergencies. After a call is made to 911, students, employees and visitors are strongly encouraged to notify the security office at 330.325.5911 to inform them of the emergency. Doing so allows officers to assist other first responders. For non-emergency public safety related matters, contact campus security at 330.325.6489.

Campus Security Authorities

In compliance with the Clery Act, NEOMED has designated certain individuals at the University as campus security authorities. A campus security authority is an official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. The function of a campus security authority is to report allegations of Clery Act crimes to either NEOMED police officers or local law enforcement. A complete list of campus security authorities can be found on the Public Safety section of the NEOMED intranet.

Access to Campus Facilities

Access to the main campus building is restricted to NEOMED identification card holders. Generally, all exterior doors to the main campus building are locked. Several exterior doors have key card access allowing personnel and students convenient access to their work and study areas. The NEOMED Education and Wellness (NEW) Center is open to the public during posted hours. Access to the Bio-Med Science Academy is restricted to personnel who have approval to access that area. All campus visitors must report to the main entrance.

Security Considerations in the Maintenance of Campus Facilities

Patrol officers conduct routine checks of lighting on campus during regular patrols. If lights are out or dim, officers notify the Department of Campus Operations. Personnel from Campus Operations take immediate action to fix lighting issues. We encourage NEOMED community members to report deficient lighting to the Department of Campus Operations at [330.325.6193](tel:330.325.6193).

If you observe an unsafe condition in a lab, please report your concern to the manager, environmental and occupational health and safety at [330.325.6496](tel:330.325.6496) or safety@neomed.edu. Concerns relating to fire prevention or security/law enforcement can be directed to the campus security office at [330.325.6489](tel:330.325.6489).

Campus Safety Programs

The following is an overview of safety programs offered during the 2024 calendar year by the Title IX Office, the Office of Student Services and the Police Department. Programs are available throughout the academic year, which are intended to provide information to the campus community about various safety topics. The specific times and places for each of these trainings were announced through various campus media. In addition, NPD frequently provides informational tables at campus-wide and community events, which are staffed by NPD officers who are available to provide education and to answer questions on topics such as personal safety, crime mitigation, and alcohol and drug awareness.

TIMELY WARNING NOTICES

Campus Crime/Safety Alerts

In the event that a situation arises, either on or near campus, that in the judgment of the Department of Public Safety, in consultation with other administrative departments/offices as appropriate, constitutes an ongoing or continuing threat to members of the University community, the department will issue a “timely warning” notice, also referred to as a “Campus Safety Alert.” Members of the University community who witness or learn of a crime or other serious incident on or near campus should report it to 911 and the Department of Public Safety as soon as possible so a Campus Safety Alert can be issued, if warranted.

If NEOMED community members report crimes or serious incidents to other NEOMED administrators, those administrators will notify the Department of Public Safety. The Department of Public Safety will collaborate with other departments/offices as necessary to issue a Campus Safety Alert, if one is appropriate.

Daily Crime Log

The police department maintains a daily crime log which records all crimes reported to the department. Each log entry encompasses the date, time, nature and general location of each reported crime in addition to the disposition of the complaint, if known. Certain incidents may be excluded from the log in circumstances when disclosure of such information may compromise the investigation. The log is available at <https://www.neomed.edu/police/campus-safety/>. Click “View the log” under Daily Crime Log.

Emergency Preparedness

NEOMED recognizes the need to be prepared for critical incidents. Under the guidance of the Emergency Management Planning Team, various departments and offices work together to prepare for, mitigate, respond to and recover from emergency situations. As part of the prevention, mitigation and preparedness phases of emergency management, NEOMED collaborates with local first responders, such as the Rootstown Fire Department, the Portage County Sheriff’s Office, the Ohio State Highway Patrol, and Portage County Emergency Management Agency, as well as other local, county and state agencies, to better prepare for potential emergencies.

Emergency Response

University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. NEOMED conducts emergency response exercises such as tabletop exercises and tests of the emergency notification system. The purpose of these tests is to assess and evaluate the emergency plans and capabilities of the University. When a serious incident occurs that causes an immediate threat to the campus, the first responders to the scene are usually NEOMED police, the Portage County Sheriff’s Office, the Ohio State Highway Patrol and/or the Rootstown Fire Department. All departments/agencies typically respond

and work together to manage the incident. Depending on the nature of the incident, other county, state and federal agencies could also be involved in responding to the incident. General information about emergency response and evacuation procedures for NEOMED are publicized each year as part of the University's Clery Act compliance efforts.

NEOMED community members are encouraged to call 911 and then campus security at **330.325.5911** for any situation or incident on campus that may involve an immediate or on-going threat to the health and safety of members of the University community. The NEOMED Police Department has the responsibility of responding to and summoning the necessary resources, to mitigate, investigate and document any situation that may cause a significant emergency or dangerous situation. In addition, the NEOMED Police Department has a responsibility to respond to such incidents to determine if the situation does, in fact, pose a threat to the campus community. If so, federal law requires that the University notify the campus community or the appropriate segments of the community that may be affected by the situation.

Emergency Notification

NEOMED's Department of Public Safety works closely with other offices and departments on campus, as well as outside agencies, to assess threat levels. If a determination is made that an emergency or dangerous situation exists that poses an immediate threat to the health or safety of members of the University community, the Department of Public Safety in conjunction with input from the Offices of the President, Operations and Finance, and Marketing and Communications will determine the content of the notification. Some or all of the systems described below will be used to communicate the threat to the community, or to a particular building or segment of the community. NEOMED will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Certain University officials are authorized to send emergency notification messages to the University community. The emergency notification system is capable of sending messages via email, text messages to cell phones, and voicemail to cell, home and office phones as well as postings on Facebook and Twitter. NEOMED will immediately notify the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of the University community occurring on the campus, unless issuing a notification will compromise efforts to contain the emergency. Emergency messages will include information on what has occurred and directions to the community on what to do next. Additional methods by which notifications may be received include:

- Public address system
- NEOMED's website, www.neomed.edu
- Print and broadcast media

The emergency notification system is tested on an annual basis. It is absolutely necessary that every student and employee keep their contact information current in the emergency notification system. To view and/or update your information, please visit www.getrave.com/login/neomed.

SHELTER-IN-PLACE: WHAT DOES IT MEAN?

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter in place” means to make a shelter of the building that you are in. In a longer-term emergency, this location can be made even safer and more comfortable with a few adjustments until it is safe to go outside.

How you will know to shelter in place

A shelter-in-place notification may come from several sources, including but not limited to NEOMED Police Department, the Rootstown Fire Department, the Portage County Sheriff’s Office or the Ohio State Highway Patrol. Information regarding a shelter-in-place notification may be disseminated by a combination of NEOMED’s emergency notification methods.

How to shelter in place

Regardless of where you are, the basic steps of shelter in place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

- Go into the nearest building
- Close all doors and windows to seal off the building from the exterior
- Shut off air conditioners, furnaces and any other fans that draw outside air into the building
- Conduct an accountability check of students, faculty and staff
- Prevent anyone from leaving the shelter
- Remain in the shelter-in-place area; do not leave until told to do so.

SEXUAL HARASSMENT UNDER TITLE IX

The University is committed to maintaining an environment in which students and employees of the University can work, learn and participate in activities free from sexual harassment. Title IX of the Education Amendments of 1972 and its associated regulations prohibit discrimination on the basis of sex in any education program or activity receiving federal funds. The conduct outlined in policy 3349-10-75 ([Sexual Harassment under Title IX | Policy Portal | NEOMED](#)), committed against any students or employees of the University is prohibited conduct under Federal Law.

Sex Offender Registration

All sex offenders required to register in the state of Ohio or any other state are required to notify NEOMED of their sex offender status if they are applying for employment or admission to the University. All employees or students who become registered sex offenders are required to notify the University at the time they are first required to register with the state. Employees must notify their immediate supervisors and the Department of Human Resources and students must notify the dean of their respective Colleges.

Due to the nature of the University programs, environment, student populations and patient population, registered sex offenders will not be considered for employment or admission to the University. The University Department of Human Resources or the Admissions Office will query the sex offender database prior to finalizing offers of employment, faculty status or admission to its

academic programs. Becoming a registered sex offender is grounds for termination of employment and dismissal from the academic programs of the University.

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where information concerning registered sex offenders may be obtained. In Ohio, this information is available at www.icrimewatch.net/index.php?AgencyID=55149.

Drug, Alcohol and Substance Abuse

Employees may not engage in workplace activities and students may not participate in coursework or clinical work while under the influence of alcohol or cannabis, while unlawfully using controlled substances, or while using illegal drugs. The presence (at established testing levels) of any prohibited substance in the employee or student's system while engaging in any workplace or curricular activity shall constitute a violation of policy 3349-07-35 ([Mood-Altering or Consciousness Altering Substances \(Drug Free Workplace\) | Policy Portal | NEOMED](#)).

The University prohibits the consumption of alcohol on University premises unless authorized on a University event-specific basis, regardless of the legal drinking age. The University prohibits the possession or use of cannabis, in any form (e.g., smoking, vaping, consuming through edible products) by a person of any age, while on University premises.

The University prohibits its employees and students from the unlawful use, misuse, possession, dispensation, distribution, or manufacture of any controlled substances or illegal drugs anywhere on University premises.

As a recipient of federal funding, such as student financial aid and federal research grants, the University is required to follow federal law including the Safe and Drug Free Schools and Communities Act and the Drug Free Workplace Act. In order to comply with these laws, the University prohibits the manufacture, dispensation, possession, use, or distribution of cannabis in any form on any University-owned property, in the conduct of University business or as part of any University activity even when the possession and use would be legal under the laws of the State of Ohio.

Missing Person

All NEOMED students who execute a Resident Agreement for on-campus housing will be asked to register a contact person who would be contacted no later than 24 hours after the time the student is determined to be missing. A student can register a confidential contact for this situation, in addition to the emergency contact information on file with the University. A missing student's confidential contact information will be accessible by NEOMED campus officials and may be shared with law enforcement during the course of the missing person investigation.

If the student is under 18 years of age, NEOMED is required to notify a custodial parent or legal guardian not later than 24 hours after the student is determined to be missing.

Notification. Any person who has reason to believe that a NEOMED student who is living on campus is missing should contact the NEOMED Police Department immediately at **330.325.5911** to make a report.

Determination that the student is missing. If the NEOMED Police Department, after conducting an investigation of the report, determines that a student has been missing, the University will contact the individual registered as a contact by the student when the student entered on-campus housing. In the event the student did not register a contact when executing resident agreement for on-campus housing, the University will contact the emergency contacts on file for the student in Enrollment Services.

FIRE SAFETY REPORT

The following information is published on an annual basis and includes information pertaining to fire statistics; descriptions of fire safety systems; rules on portable electrical appliances, smoking and open flames in on-campus housing facilities; and other information. All information contained in this section is applicable to The Village at NEOMED only. For the purpose of this report, fire is defined as any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

Fire Log

The NEOMED fire log is maintained by the Department of Public Safety and is located in room A-90. Any requests for copies should be made to the Department of Public Safety at police@neomed.edu.

Fire or Other Emergency

Setting or fueling a fire of any size is prohibited. Resident shall give immediate notice to management of fire, accident, damage and dangerous or defective conditions. All residents must evacuate the building during a fire alarm. Falsely reporting a fire or any other emergency, including bomb threat, falsely reporting a serious injury, or pulling a fire alarm station when no fire is evident is prohibited. Fire warning devices and safety equipment are to be used only in the case of an emergency. If smoke or fire is observed, resident should pull the nearest fire alarm pull-station, immediately exit the building and call 911. Elevators should not be used. Upon the sounding of a fire alarm at any time, the resident should proceed according to the instructions posted in and about the property. Intentional sounding of an alarm outside of an emergency situation or tampering with emergency equipment will be considered a criminal offense and the person or persons responsible will be treated accordingly. Tampering with smoke detectors or fire alarms is prohibited. Management reserves the right to impose additional charges, penalties or sanctions for tampering with fire or life safety equipment in addition to criminal and judicial action. Common area safety equipment such as exit signs found in a unit will be considered evidence of tampering with fire or life safety equipment. Refusal to leave a building during a fire alarm, refusal to produce proper identification upon request of management (or its agent), refusal to cooperate with any reasonable request by management (or its agent) acting in performance of their duties is prohibited. Resident shall be responsible for avoidable fire alarms initiated by resident and/or resident's guests.

Fire codes and fire safety rules prohibit propping open any access door(s) or door(s) leading to any common area. If any door is left opened, or if a resident has a concern that another resident or apartment mate is leaving open doors, propping open doors or otherwise compromising the safety in the building, a complaint should be made in writing to management.

Portable Electrical Appliances, Smoking and Open Flames

The use of wood or charcoal stoves and/or flammable liquid, gas or electric space heaters within the building is not permitted. Resident shall not use candles or other open flame devices, hot plates, incense or halogen lamps anywhere in the building or about the property. All torch-style lamps, including but not limited to those that use halogen, incandescent or fluorescent bulbs, are not permitted. Resident shall not use any style lamp that uses a halogen or more than a 100 watt bulb, nor shall resident connect three or more sets of stringed lights together (including but not limited to Christmas lights). Use of the stove, microwave and/or oven while apartment is unoccupied is also prohibited. Furthermore, oven and/or stove units should not be left on for longer than needed to cook or warm food items. Live cut trees are prohibited in apartments.

Consistent with University policies, smoking is prohibited on University-owned property, which includes The Village apartments and the surrounding area. Smoking in the apartment or private living space, lobbies, hallways, offices and all other public and/or private areas within the buildings or its adjacent parking lots is strictly prohibited.

Smoke Detectors

Each apartment is equipped with one or more smoke detectors. It is the responsibility of the resident to periodically test the smoke detector(s) to insure that detector(s) operate(s) properly. If the smoke detector(s) “chirps” or does not operate properly when tested, resident shall immediately notify management. Management will replace batteries in smoke detectors at its own expense when necessary. It is a violation of the resident agreement if the smoke detector(s) is (are) disconnected, covered or otherwise made inoperable by the resident, anyone in the apartment or resident’s guest.

Obstructions

Resident agrees not to obstruct or use for any purpose other than ingress and egress the sidewalks, entrances, passages, courts, vestibules, stairways and halls.

Hazardous Substances

Residents shall not use, manufacture or store any fireworks, explosives, flammable liquids, gas, cans or compressed gasses, poisons, highly combustible substances, chemicals or any substances which may injure others or damage property, in any apartment, hallway or about the housing property. The storage or use of gasoline or electrical powered vehicles or engines regardless of their state or dismantlement in the building is not permitted. Setting materials on fire, possession or use of flammable or highly combustible materials is likewise not permitted.

Reporting a Fire

If smoke or fire is observed, evacuate immediately using nearest stairs. Do not use elevators. Close doors behind you and pull a fire alarm as you evacuate, if you can safely do so. Once out of the building, call 911. Be prepared to report the address and room number/location of the smoke or fire.
